RMIT Future Careers Expo

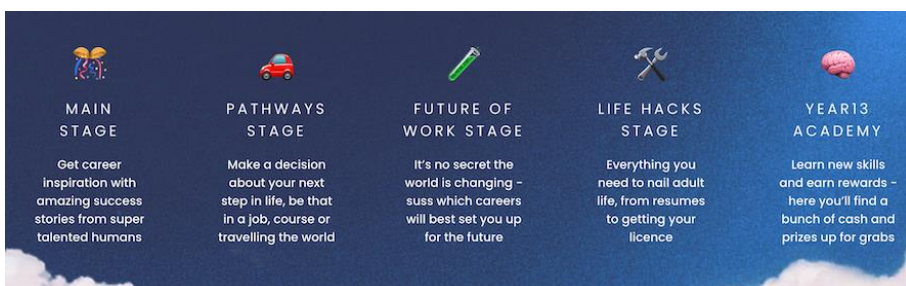

The RMIT Future Careers Expo is a virtual event designed to help you take the next step in your education. Register now to attend live events, take part in panel discussions, access course information, explore study options and chat with current students and career advisors. Once you register, you will be able to access on-demand viewing for 30 days after the event. The Expo will run between 17 – 19 May, <https://futurecareers.rmit.edu.au/>

Year13 Careers Expo

Finding your dream job has never been easier. The Year13 Expo lets you find a career you're genuinely passionate about without even having to get out of bed. Over the course of the week, you'll hear from experts, chat with influencers and explore all of your post-school options at this digital careers expo. The Year 13 Expo has been carefully crafted to include a wide range of stories, experiences, career information and exhibitors who can help you follow your passion. There will be five stages packed with content where you can learn about the different aspects of the future:

- Main Stage – get inspired by stories of successful people who are killing it in their careers and understand the path they took to get to where they are today.
- Pathways Stage – find all your post-school options in one place across many different areas, including jobs, courses and travel experiences.
- Future of Work Stage – it's hard to know which careers are still going to be around in a decade or two. Suss out all the info we have about ensuring your passion is future-proof.
- Life Hacks Stage – when it comes to being a successful adult, there's a few tricks of the trade we have to share, from financial literacy to nailing a job interview and heaps more.
- Year13 Academy – learn all the skills you wish you were taught in school, and get rewarded for doing it! Suss out the cash rewards and prizes that are up for grabs.

Plus there is a \$10,000 competition running! The Expo will run between 16 – 22 May. For information and to register your place, go to <https://careernews.click/yr13expo>

Explore your university course options

Many universities offer the opportunity for prospective students to speak directly with course advisers via Zoom or a phone call. The following are examples of universities offering this service:

Australia National University (ANU)

Book a study consultation: book a phone call or video conference to discuss your study options with ANU course adviser Clara Hill, <https://careernews.click/clara>

University of Wollongong (UOW)

Chat with a current UOW student and ask any questions you have about life at Wollongong. Use the drop-down filters on this webpage and find the best student to help you - www.uow.edu.au/study/ask-a-student/

Charles Sturt University

Book a study consultation: book a 45-minute phone call or video conference to discuss your study options with a Charles Sturt University course adviser, <https://study.csu.edu.au/contact-us/consult>

Monash University

Book a phone call with a general course adviser or a faculty adviser (e.g., engineering, science, business, education, information technology), www.monash.edu/y12hub/book-a-call

RMIT University

Book a one-to-one virtual consultation with a course adviser and get your questions answered about studying at RMIT, <https://careernews.click/rmitchat>

Apprenticeship and Traineeships

Australian Apprenticeship Pathways

You will be able to undertake apprenticeship aptitude tests, find local apprenticeship and group training centres, and learn about different trade occupations, www.aapathways.com.au/

Careers in Business & Commerce

When people think of careers in business, they often think of occupations such as business management, accounting, finance, and marketing. The following are three business career areas you may not have considered:

Insurance

As one of the biggest, most diverse industries in the world, insurance has more roles than you'd imagine – including ones that are perfect for you. Love numbers? You're needed. Love people? Insurance has roles for you. Analytical? A big thinker? A problem solver? Whatever you are, insurance has a job with your name on it, <http://careersininsurance.com.au/>

Economics and Econometrics

Economists perform economic research and analysis, develop and apply theories about production and distribution of goods and services and people's spending and financial behaviour, and provide advice to governments and organisations on economic policy issues, <https://careerswithstem.com.au/read-it-here/>

Actuarial Science

Actuaries evaluate risk and opportunity – applying mathematical, statistical, economic and financial analyses to a wide range of business problems. Actuaries work in insurance, superannuation, wealth management, investments, health financing, banking, data analytics, energy resources and the environment etc., www.actuaries.asn.au

Interested in studying business?

Did you know that several universities offer a year of industry experience as part of their undergraduate business degrees? The following are three examples:

Victoria University

At least 40 weeks of paid industry experience through the Cooperative Education program (competitive entry), www.vu.edu.au

Swinburne University

A guaranteed year of paid industry experience through the Bachelor of Business (Professional) degree, www.swinburne.edu.au

RMIT University

A guaranteed year of industry experience through the Applied program for Marketing, Economics and Finance, Information Systems, International Business, and Logistics and Supply Chain Management, www.rmit.edu.au/study-with-

Careers with the Australian Federal Police

A career with the AFP can lead to working with the community, across the country or around the globe.

Whether in a non-policing support role, investigating transnational crime, combatting terrorism and people smuggling, investigating crimes against the ACT community and patrolling its city and suburban streets, providing high visibility protection to commonwealth infrastructure sites and establishments, or heading overseas to liaison posts or capacity building missions, you'll be on the frontline, contributing to keeping the Australian community safe.

There are three main employment pathways:

- Entry Level Sworn Recruit
- Lateral Police Recruit
- Professional (Non-Policing) Role

Recruitment requirements

Visit the Application and Recruitment Process page for detailed requirement information, www.afp.gov.au/careers

Natural Health Courses

Have you considered natural health? The following two colleges are located in the Melbourne area:
