Scholarships

For most universities in Victoria, NSW and Canberra, a dual system exists for scholarship applications. This means institutions place some of their scholarships through the state based Tertiary Admission Centre (TAC) system and others direct through the university.

WHAT DOES THIS MEAN FOR ME?

This means you will have to:

Complete the TAC scholarship application and upload any evidence required.

- Victoria: apply via VTAC by this Friday (7 October), www.vtac.edu.au
- NSW/ACT: apply via UAC by Friday 9 December, www.uac.edu.au

Apply for any scholarships you are eligible for direct to the university.

This will take time and effort, but it's worth it as you may receive a scholarship or bursary.

VICTORIAN INSTITUTES

What universities don't place scholarships through the VTAC system?

- The University of Melbourne: apply for all scholarships direct.
- Australian Catholic University: apply for scholarships via the UAC system by 9 December as well as direct to the university by the relevant due dates, www.acu.edu.au

Important to note

Some direct scholarships are closing soon. For example, most direct scholarships at RMIT University will close Sunday 16 October (including accommodation scholarships), www.rmit.edu.au

NSW & ACT COURSES

If you have applied to the university directly and not via UAC, contact the institute to confirm if you have to complete a UAC Equity Scholarship application.

For most institutes regardless of the application method, you will still need to complete a UAC Equity Scholarship application as well as apply direct to the university for scholarships.

Accommodation

If you plan move away to study your course, you may need to consider accommodation options. If you would like to live on-campus, you will need to start considering your options now as some universities are 'first in, first served'.

STEPS TO APPLY FOR ON-CAMPUS ACCOMMODATION

- Make an Excel sheet or table in Word.
- List the universities you are applying to
- Google the university name and the term 'accommodation' (e.g., Monash University accommodation)
- In your table, list the types of accommodation available (e.g., studio, shared apartment, catered, non-catered)
- Then list the weekly or yearly price for each option and the contract period
- List the application method, the closing date, cost to apply and if a deposit is required.
- Speak to your family about budget considerations
- Then tick off the accommodation you have applied for once this is completed.

CRITICAL CONSIDERATIONS

Private student housing

Some universities are affiliated with private student accommodation companies such as UniLodge, Scape, and Yugo. Whilst you will generally receive an offer quickly, you will be required to pay a large deposit to secure your place. If you don't end up living there you may not be able to get your deposit back.

Costs can add up if you are applying for accommodation at multiple universities, so budget carefully.

First in first served

Some accommodation providers approve applications in the order they are received, so apply early.

Closing dates

Some accommodation providers will have closing dates – make sure you apply well in advance.

Scholarships

Some accommodation providers offer scholarships, and some have early closing dates for applications (e.g., RMIT University – applications close 16 October).
