Dear Colleagues

RE: Director Of Partnerships

I hope you had a good holiday and are looking forward to the challenge of Term 3 (for some more challenging than others!)

I write today to announce that John Crowley has been appointed to the position of Director of Partnerships with EREA for a 12 month period commencing in January, 2021.

As we all know, John is doing a magnificent job as the Acting Principal of St Kevin's this year and we look forward to John continuing to work with EREA in his new role. The Director of Partnerships will be part of the Liberating Education team and John will be supporting the team in taking on some of Dale Murray's responsibilities as well as helping to design and deliver key projects such as Leadership and Formation programs, School Renewal and support for Associate Schools. John will be based at Richmond and take up his new role in January.

On behalf of all members of the EREA community, I warmly congratulate John on his new appointment.

With my best wishes.

Wayne Tinsey
Executive Director
