

Welfare and Accommodation Declaration – St Patrick’s College School

Whilst students complete their studies at St Patrick’s College there will be times when the College is closed and alternate welfare arrangements will be needed. St Patrick’s College needs to be informed of the student’s welfare accommodation arrangements made by the parents/carers.

St Patrick’s College recommends two alternative options:

1. Student returns to their home country
2. Student remains in Australia under the supervision of an *external* carer registered with the College

Please complete the following information on your preferred welfare accommodation arrangements and return it to St Patrick’s College as soon as possible. The form must be completed or the CoE /CAAW cannot be issued, which may cause a delay in the visa application process.
